SECTION D. DOPING and DOPE TESTS WARNING TO MEMBERS

In common with other similar bodies, the B.S.P.S. takes a very serious view of doping, whether intentional or unintentional, having particular regard to the safety of children and welfare of horses and ponies. Members should be aware that many proprietary feeds and preparations contain Prohibited Substances (as defined below) as do many foods such as chocolate. Prohibited Substances can be absorbed through the skin and they are also contained in some homeopathic and herbal remedies including calmers.

It is the responsibility of the Member having custody of a pony, particularly in the twenty four hours before a Show, to ensure that nothing is fed, administered or applied to a pony that contains a Prohibited Substance. Ignorance is not an adequate defence.

The B.S.P.S. Office is not authorized to give guidance but the B.S.P.S. Office follows the Equine Prohibited Substances List (‘EPSL’) as published from time to time by the Fédération Equestre Internationale (‘FEI’). Where appropriate the B.S.P.S. will adopt threshold levels published in the EPSL. Please note that the EPSL includes any other substance with a similar chemical structure or similar biological effect(s) as substances specifically mentioned on the list. All substances on the list, whether indicated as ‘Banned’ or ‘Controlled’, are prohibited substances under the B.S.P.S. Rules. Also prohibited are ‘metabolites’ of the substances and ‘markers’, both terms being defined below.

63(1) a) Any pony taking part in classes judged under B.S.P.S. Rules and any other pony present at a Show (whether or not competing at the Show) will be liable to Dope Testing (as defined below) in accordance with the Dope Testing procedure laid down by this Rule 63. A refusal or failure, after request, to submit a pony for Dope Testing, or obstruction of an Authorised Person (as defined below) in carrying out Dope Testing, by an Owner and/or Producer or other person having control of the pony shall constitute a breach of this Rule 63.

b) The presence in the tissues, body fluids, excreta, hair or skin of a pony of a Prohibited Substance (as defined below) shall constitute a breach of this Rule 63 by the Owner and/or Producer and/or any other person within Rule 63(1)(f).

c) “Authorised Person” means a person authorised to carry out Dope Testing pursuant to Rule 63 (2)(a).

d) “Dope Testing” means the examination of a pony by a duly qualified person appointed by the B.S.P.S. and includes the taking of samples for subsequent analysis of all or any body fluid, tissue, excreta, hair or skin scrapings at the discretion of the person conducting the examination.

e) “Prohibited Substance” means any quantity of any substance listed as a ‘Banned’ or ‘Controlled’ substance on the Equine Prohibited Substances list (‘EPSL’) as published by the FEI and in force from time to time excluding any quantity of any substance under any threshold level specified in the EPSL but including any other substance with a similar chemical structure or similar biological effect(s) as any substance on the EPSL and also including any metabolites of such substances and any markers. The terms ‘metabolite’ and ‘marker’ shall have the same meaning as in the FEI Anti-Doping and Controlled Medication Regulations as published by the FEI from time to time. Please follow this link for further details: (<https://inside.fei.org/cleansport>)

f) Any person who administers or attempts to administer, or allows or causes to be administered, or connives at or promotes or encourages the administration, to a pony of a Prohibited Substance or has in their possession or control a Prohibited Substance at a Show, shall be guilty of a breach of this Rule 63.

g)(i) Whenever a positive dope test occurs, the matter shall be referred to the Disciplinary Committee of the B.S.P.S. within 14 days of either the expiration of the period for requesting confirmatory analysis of Sample B (as defined below) or the receipt by the B.S.P.S. of a positive analysis of Sample B whichever is the later.

(ii) The Disciplinary Committee shall investigate the matter and decide within fourteen days of referral pursuant to Rule 63 (1)(g)(i) whether or not to institute disciplinary proceedings for a breach or breaches of this Rule 63 against the Owner and/or Producer and/or any other person within Rule 63(1)(f).

Sampling Procedure

- 63.(2) a) Dope Testing may be carried out by personnel authorized by the following Societies: the B.S.P.S., the British Show Horse Association, the National Pony Society, the Coloured Horse & Pony Society (UK) or Sport Horse Breeding of Great Britain and should take place as soon as possible after the participation of the pony in its class provided that it does not interfere with its programme in which case the Dope Testing should take place as soon as possible after the pony has completed its programme.
- b) It is the responsibility of the person in charge of the pony whether it be the Owner or the Producer or other person to supervise the pony from the time of notification of selection for Dope Testing until completion of the Dope Testing.
- c) The Owner, Producer or other person responsible for the pony or his representative shall be entitled to witness the Dope Testing from outside the loose box, horse box or testing area without disturbing the pony but if any such person is not present the Dope Testing will proceed in any event.
- d) All samples taken must be kept in a secure place and dispatched to the laboratory selected by the B.S.P.S. as soon as reasonably possible after collection.
- e) The sample must be divided into two parts hereinafter referred to as Sample A and Sample B and the initial analysis of Sample A must be completed within 21 days of receipt of the sample by the laboratory. If the initial analysis produces a suspicious positive result then the B.S.P.S. may grant such extension as the laboratory requires to complete the analysis.
- f) If the result of the analysis of Sample A is negative then the laboratory may forthwith destroy Sample B.
- g) If the result of the analysis of Sample A is positive then the Owner or Producer may require confirmatory analysis of Sample B, by any laboratory approved by the Horseracing Forensic Laboratory provided that a written request for such confirmatory analysis is received by the B.S.P.S. within 14 days of dispatch by the B.S.P.S. of notification of a positive analysis of Sample A.
- h) The Owner or Producer may request that findings be made in respect of particular matters during the analysis of Sample B on the basis that they be responsible for all additional costs incurred whatever the result of the analysis of Sample B.
- i) Upon receipt of a valid request for confirmatory analysis of Sample B, the B.S.P.S. shall inform the laboratory immediately and the laboratory shall carry out the analysis of Sample B as soon as reasonably possible.
- j) If the result of the analysis of Sample B is positive then the person requesting the analysis shall reimburse the B.S.P.S. the cost of the analysis of Sample A and Sample B forthwith on demand.
- k) If the result of the analysis of Sample A is positive and no valid request for confirmatory analysis of Sample B is received, the Owner shall reimburse the B.S.P.S. the cost of the analysis of Sample A forthwith upon demand.

537. The Special Show Stewards shall ensure so far as they are able that classes at the Affiliated Show for which they have been appointed are conducted in accordance with the B.S.P.S. Rules and that generally the B.S.P.S. Rules are observed at such Affiliated Show.
538. Special Show Stewards shall have the power to appoint such stewards to assist them as they consider necessary.
539. The Special Show Stewards may investigate any infringement of the B.S.P.S. Rules observed by them or any alleged infringement reported to them by a show official, a Judge, a Member or any Exhibitor.
540. When an infringement or possible infringement of the B.S.P.S. Rules is observed by a Special Show Steward or an alleged infringement is reported to him he shall investigate the position and if he concludes that an infringement has taken place he shall impose one of the penalties set out in Rule 542.

541. If the Special Show Steward cannot decide whether an infringement has taken place or does not consider that an infringement has taken place, he may report the matter to Council, by notice in writing given to the Secretary to be received by the Secretary within 14 days of the date of the Affiliated Show in question.
Council will decide whether to deal with it themselves or to refer it to the Disciplinary Committee or the Judges Enquiry Committee.
542. If the Special Show Stewards decided that an infringement has taken place he may impose one or the more of the following penalties on the person committing the infringement.
- (a) admonish such person and caution him as to his future conduct.
- (b) direct that any pony belonging to such person or produced by such person or ridden by such person at the time of the commission of the infringement shall be disqualified from the class in which it was taking part at the time of the commission of the infringement.
- (c) direct that such person and any pony belonging to him or being produced by him be disqualified from competing in any B.S.P.S. classes at that Affiliated Show.
543. If in the opinion of a Special Show Steward a penalty greater than that permitted by Rule 542 should be imposed he may refer the matter to the Council or to the Disciplinary Committee or the Judges Enquiry Committee by notice in writing given to the Secretary to be received by the Secretary within 14 days of the date of the Affiliated Show in question.
544. The decision of the Special Show Steward shall be final and binding on all parties on the day of the Affiliated Show in question. However, any party aggrieved by the decision of the Special Show Steward may refer the matter by way of appeal to the Disciplinary Committee.
545. Any such appeal shall be by notice in writing given to the Secretary to be received by the Secretary within 14 days of the date of the Affiliated Show in question and shall be accompanied by an appeal fee of a sum equal to ten times the current membership. If the appeal is successful then the appeal fee shall be refundable but if the appeal is unsuccessful the appeal fee shall be forfeited to the B.S.P.S.
546. On appeal the Disciplinary Committee shall rule as to whether the decision of the Special Show Steward was correct or not.
547. Special Show Stewards shall have control over and free access to all places used for the purpose of B.S.P.S. (Members, Exhibitors or Authorised Representatives) at an Affiliated Show but may only enter a horsebox or stable in the presence of the pony's owner or other person responsible for the pony.

B.S.P.S. CHILD PROTECTION PROCEDURE

- Child protection is defined in the Children Act 1989 and legislation is in place to protect children from significant harm, abuse (physical/sexual/emotional) neglect and exploitation . The B.S.P.S. ensures its response to safeguarding concerns are in accordance with Working Together to Safeguard Children (2018).
- The British Show Pony Society is primarily a children's society and as such takes its responsibilities to ensure that children competing at our events do so in a safe and protected environment
- It is acknowledged that when children compete in B.S.P.S. competitions this is done so in the public domain and relationships between children and any officials is different to those of an instructor/trainer relationship. Therefore safeguards that need to be put in place do not need to be as extensive.
- In all circumstances parents remain accountable and responsible for the safety of their children and their own actions and behaviour towards their own and other people's children whilst competing in B.S.P.S. competitions
- The B.S.P.S. takes its responsibilities in this regard very seriously and requires all its paid employees, directors (Council Members), judges and officials who appear in the B.S.P.S. Rule Book, to voluntarily disclose whether they have any convictions, cautions or outstanding matters that would prohibit or make them unsuitable to be in the close proximity of children or vulnerable adults. (This includes criminal convictions that would otherwise be classed as 'spent' under the Rehabilitation of Offenders Act 1974). This declaration authorises the Society to request an Enhanced Disclosure & Barring Certificate on any person where any concerns are raised and to ban anyone who they deem to be unsuitable from membership of the Society. This procedure excludes BHS/B.S.P.S. Elite Show Trainers and accredited yards, Show Trainers, Head Groom and Show Groom, who appear in the Rule Book as they are subject to BHS Safeguarding & Child Protection policy
- At B.S.P.S. Championship shows, the Society takes the safety and security very seriously and always contract with an appropriate security provider to minimise risks and ensure that everyone can compete in a safe environment
- It is everyone's responsibility to report and take action, if they believe any child is being subject to abuse. In such circumstances, the Society will report these matters to the Police and relevant child protection agencies immediately upon receipt of the information. Information of this nature will not and cannot be kept confidential as the safety of child and young people is paramount

British Show Pony Society Disability Policy

The British Show Pony Society (B.S.P.S.) is supportive of riders competing in its classes who may suffer from a physical or learning disability.

The Society recognises that horses and ponies can have a very positive impact on the lives of people suffering a disability and as an inclusive organisation, will endeavour to be as supportive as possible in these situations.

Riders who have a disability are welcome to compete in B.S.P.S. classes providing the following criteria are met;

- ✓ All riders are judged equally, one against the other;
- ✓ Riders with a disability must only compete in classes in accordance with the rules and eligibility as described in the B.S.P.S. Rule Book;
- ✓ The Society has the right to make reasonable adjustments to allow a rider with a disability to compete in its classes; this is at the sole discretion of the Officers and/or Council of the Society;
- ✓ All riders in B.S.P.S. classes must be competent and able to compete without putting the safety of others at risk
- ✓ Any rider seeking a dispensation card for a permanent or temporary physical disability must also have a doctor's letter stating their fitness to ride in the class (Rule 43; No rider may compete in B.S.P.S. Classes with any type of broken limb).

This policy does not set out all of the circumstances of what are and will be approved as reasonable adjustments to enable a rider with a disability to compete in B.S.P.S. classes.

For example; the Society already issues dispensation cards for riders with a permanent or temporary disability to allow another person to complete the 'In Hand' section of a class (Rule 42).

It is recognised that riders with, for example, hearing loss or learning difficulties may require extra patience and care from stewards, judges and officials to ensure they clearly understand any instructions given to them, e.g., setting a show or being asked questions by the judge. In such circumstances, the parent or those with responsibility for care of the competitor must advise the steward in advance of the class, who will then ensure the judge, is made aware of the particular circumstances in advance of the class commencing and make reasonable adjustments.

Any member who has any issues or concerns regarding competing in B.S.P.S. classes with any form of disability, should contact the Executive Officer of the Society

Code of Practice for the Welfare of Horses and Ponies at Shows or Events

1. Preface

- 1.1. In these guidelines, "horse/pony" refers to all equidae and should, where the context allows, be taken to mean "horse or horses, pony or ponies or donkeys"

2. Introduction

2.1 General Conditions

- 2.1.1 The British Horse Society (BHS) Welfare Department receives a considerable number of welfare concerns regarding the conduct of competitors at shows. The main complaints received include the ill treatment and management of competitors' horses. This guidance has been developed by the BHS who have advised "The Showing Council" (TSC) in developing bespoke guidance for competitors/members competing in Member Body classes.
 - 2.1.2 These guidelines have been produced to provide advice and support to members, competitors, show organisers, stewards, judges, volunteer assistants and spectators
 - 2.1.3 A copy of the original document, on which this is based, "The British Horse Society Guidelines for the Welfare of Horses at Events" can be obtained on the BHS website (www.bhs.org.uk).
 - 2.1.4 Under the Animal Welfare Act (2006), the Animal Health and Welfare (Scotland) Act 2006 and Welfare of Animals Act (Northern Ireland) 2011, (hereafter referred to as "The Welfare Acts") every horse owner or those responsible for a horse have a 'duty of care' to ensure the animal's well-being. Thus, causing suffering and ill treatment are no longer the only grounds for prosecution under animal welfare law. It is now an offence to fail to take adequate steps to ensure a horse's welfare, even if the animal is not yet at the point of suffering.
 - 2.1.5 At all stages during the preparation and training of show horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery, tack and transportation.
 - 2.1.6 Horses and competitors must be fit, competent and in good health and condition before they're allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety and the misuse of aids.
- #### 2.2 Health and Hygiene
- 2.2.1 The spread of equine disease is a perpetual risk when attending shows. Horse owners should act responsibly and not attend a show if there is a disease outbreak at their yard, even if the horse taken to the show does not appear ill. This is because some diseases have an incubation period of 14 days.
 - 2.2.2 Strangles, in particular, is a highly contagious equine disease. Horse owners should take simple steps to help reduce the spread of this disease. All horse owners and show staff are encouraged to read the 'Strategy to Eradicate and Prevent Strangles (STEPS)', available from the BHS website.
 - 2.2.3 Water is available to horses on the showground. In order to prevent the spread of disease, horses should not share water buckets.
 - 2.2.4 Competitors must be mindful of disease risk when stabling horses away from home and precautions taken i.e. removal of all bedding and use of disinfectant spray.

3. Transport

- 3.1 Competitors need to be aware of The Welfare of Animals During Transport Council Regulation (EC) No 1/2005. Anybody who transports horses over 65km and for up to eight hours in connection with an economic activity needs to apply for a Transporter Authorisation and have a Certificate of Competence.
- 3.2 Economic activity is not defined in the regulations but would include those paid to transport horses to a show, and professional riders as this is part of their business. Those transporting horses in connection with an economic activity on short journeys (over 65km and up to eight hours) require Transporter Authorisation (from 5 January 2007) and a Certificate of Competence (from January 2008). Long journeys (more than eight hours) will require a long journey Transporter Authorisation and Certificate of Competence. An owner competing their horse for fun would not be covered by these requirements, even if they win a small amount of prize money.
- 3.3 General animal welfare provisions apply on **all** journeys. The horse must be fit to travel, provided with feed, water and rest stops as needed. The vehicle and loading/unloading facilities must be safe and designed to avoid injury and those handling the horse must be competent and not cause the animal unnecessary fear or distress.
- 3.4 Some horses can be difficult to load. There are a variety of methods to safely load a difficult horse. All partitions and ramps should be open to make the horsebox or trailer look bigger and add more light. For added control the horse should be loaded in its bridle to prevent it from breaking loose.
- 3.5 Where more than one horse is travelling in a vehicle, load the other horses first to encourage the difficult loader.
- 3.6 Only one person should lead the horse and, if possible, one person stand near to each side of the ramp. The horse could be encouraged in with food. Lunge lines can be used by crossing them behind the horse's hindquarters and then adding pressure to encourage the horse to load. Only experienced persons should assist to ensure the lines do not become tangled up with the horse's legs.
- 3.7 Do not continue to try and load an extremely agitated, stressed or upset horse. Calm the horse down and then re-attempt to load. The horse must not be hit with excessive force or frequency with a whip or any other implement (see Discipline of the Horse).

4. Passports

- 4.1 Horses being transported to a show must be accompanied by their passport.
- 4.2 Some shows will require that horses attending the show are vaccinated against tetanus and influenza and will therefore wish to check the horse's passport. This applies to, but is not limited to, Horse of the Year Show and Olympia who require up to date influenza vaccination in accordance with each shows regulations.

5 Welfare of Horses

5.1 Responsibilities of Owners/Keepers/Competitors

- 5.1.1 Overall responsibility for the horse lies with the individual who has charge of the horse/pony on the day of the show. This may not be the animal's owner. However, all of those involved with the horse have a duty of care to ensure its welfare.
- 5.1.2 No horse should be ill-treated in any way on the showground.

5.2 Provision of Feed and Water

- 5.2.1 The horse should be offered water regularly throughout the day. Water should be offered more frequently during hot weather. Some horses prefer to drink water from their own yard. It is therefore a good idea to bring water from the yard in containers to prevent the horse from becoming dehydrated.
- 5.2.2 Long intervals between classes can mean horses waiting for long periods for their next class. Allowing the horse to graze in-hand and/or providing hay/haylage will help keep the horse occupied, prevent them from becoming bored and help to maintain a healthy gut.
- 5.2.3 If a horse is being allowed to graze, ensure there are no poisonous plants or rubbish that it could accidentally consume.
- 5.2.4 If a horse is tied-up to graze, it should be supervised. The lead-rein used to secure the horse must not be too long, potentially allowing the horse to become tangled up and panic.
- 5.2.5 If a concentrate feed is provided, the horse should not be asked to work strenuously for a minimum of one hour after completing the meal. Concentrate feeds should not be provided to a horse immediately following strenuous exercise.

5.3 Welfare of the horse while not competing

- 5.3.1 No horse should be left unattended unless they are in the horsebox/trailer and, known to behave sensibly when ordinarily left in such a situation.
- 5.3.2 For safety reasons a horse should only be tied to a horsebox/trailer if it can be quickly and safely released in the event of an emergency, or the horse/pony becoming distressed and must not be left unattended. Individual shows or show grounds do not allow horses/ponies to be tied to horseboxes or trailers and competitors should refer to the individual show ground rules.
- 5.3.3 Horses should not be tethered on the showground either to a structure or point in ground except in circumstances detailed in 5.3.2.
- 5.3.4 The weather conditions will affect the welfare requirements of the horse. In hot weather use any shade available to keep the horse out of direct sunlight. Once the horse has finished competing in its class it may need to be washed down. Appropriate rugs may also be needed, for example a sweat rug or cooler rug.
- 5.3.5 During cold weather, heavier, warm rugs may be needed, especially if the horse is clipped.
- 5.3.6 During wet weather, waterproof sheets could be worn while warming the horse up and kept over the horse's hindquarters until they enter the class. At the discretion of the judge, grooms may enter the ring to provide a waterproof sheet in inclement weather.
- 5.3.7 During hot weather, plenty of water should be available to wash down a hot horse. If there is access to shade, keep the horse in that area and begin washing the horse down with cold water. Packs of ice should not be used to cool the horse.
- 5.3.8 During summer weather, horseboxes and trailers can get very hot. If the horse is kept in the horsebox/trailer ensure any windows and roof vents are left open and the ramps are left down to maximise air flow (ramp side gates should be kept closed).
- 5.3.9 No horse should be ridden all day without sufficient breaks, watering and feeding. Children should be supervised by a responsible adult to ensure that the horse receives adequate rest time.

5.4 Stabling

- 5.4.1 Under no circumstances should any horse be kept stabled in a trailer or horsebox overnight. Overnight stabling is available at all Championship Shows, Royal International Horse Show, Horse of the Year Show, Olympia and most County Shows. Pull out stables on lorries, temporary pens etc are not permitted. Competitors must abide by the Codes of Practice for each show and or showground.
- 5.4.2 No horse should be kept tied up overnight or have water withheld.

5.5 Age and Gender of Horses

- 5.5.1 Horses under four years of age should not be ridden on the showground at any Show.
- 5.5.2 Stallions are permitted to compete in certain classes. A stallion disc must be worn on the bridle and the rider/handler must have the correct age to compete or strip the horse/pony in the ring and or lunge or note in accordance with the current and relevant Member Body Rule and Hand Books.
- 5.5.3 Pregnant mares are not permitted to compete under saddle without the prior agreement of a veterinary surgeon. No mare should be ridden under any circumstances after six months of gestation.
- 5.5.4 Mares with a living foal at foot, born during the current year may not be shown in ridden classes.

5.6 Control of Horses

- 5.6.1 Young and inexperienced horses will require quiet, confident handling. Shouting and hitting the horse in most circumstances will make the situation worse and could be classed as excessive use of the whip (see Discipline of the Horse).
- 5.6.2 Young horses should preferably be accompanied to the show by an older, experienced horse from which to gain confidence. To ensure the safety and welfare of both the horse and rider it would be a good idea to also have an assistant to help in getting the young horse ready and when entering in to the show ring.
- 5.6.3 Horses often build strong bonds with other horses. Thus, some horses may become distressed/upset should accompanying horses leave their field of vision. A distressed horse may become a danger to its handler and other competitors. Where there is a danger of this occurring, trial separations should be carried out in the safer home environment before the horses/ponies are taken to a show.
- 5.6.4 It is good practice to lead horses using a bridle as the bit affords the handler more control than a headcollar alone. Horses/ponies whose behaviour is unpredictable, or horses/ponies to which the handler is not accustomed, should always be lead in a bridle.
- 5.6.5 Stallions should be handled and ridden by experienced persons only. The temperament of the stallion must be taken into consideration and he should not be taken to a showground if he is likely to be a danger to anyone present. When being led, stallions must be led from a bit with reins or with a lead rein a minimum of 2.5 metres in length. If it is the opinion of the relevant Member Body that the stallion may cause an accident to any person or horse at the showground, the stallion will be disqualified and asked to leave the showground.

6. Conduct and Responsibilities

6.1 Conduct and Responsibilities of Competitors

- 6.1.1 Competitors must consider the Health and Safety of other competitors, spectators and those working or assisting at the show.
- 6.1.2 When riding outside of the warm-up arena and show arena, competitors should remain in walk or trot, even if they are running late for a class. Cantering or galloping past other competitors' horses may cause these horses to react and lead to injury of the horse or rider. Where available, horses/ponies must be ridden in designated 'horse walks' only; grooms, spectators must enter or walk in the designated pedestrian walk way.
- 6.1.3 No competitor should behave in an aggressive or offensive manner to their horse, event staff, members of the public or other competitors..
- 6.1.4 By entering a class at the show, the competitor has agreed to abide by the Rules and guidelines set by the relevant Member Body or Show. NB when competing in Horse of the Year Show (HOYS) classes HOYS Rules will take precedent.
- 6.1.5 Under the Welfare Acts the parents/guardians of under 16-year-olds are responsible for the welfare of their children's horses/ponies.

6.2 Conduct and Responsibilities of Competitors in the Warm-up Arena

- 6.2.1 No horse should spend excessive amounts of time in the warm-up arena. The Member Bodies will monitor how horses are warmed up at the relevant shows.
- 6.2.2 Riders and handlers should adhere to the rules of working in an arena while warming up, for example passing left-hand to left-hand.
- 6.2.3 Lunging of horses must not interfere with other competitors. Lunging will only be permitted in another suitable area of the showground; ideally avoid the vicinity of the car or lorry parks, or close to the show arenas or spectators. No child, 12 years of age or under, may lunge a pony/horse. Stallions can only be lunged by a person over 12 years of age or in accordance with age for riding a stallion if older in accordance with the relevant Member Body Rule and Hand Book.
- 6.2.4 Riders and handlers should recognise potential problems and keep a good distance from any individual having difficulties controlling their horse.
- 6.2.5 Galloping should be avoided in the warm-up arena.
- 6.2.6 Practice jumps should not be moved without the permission of a show steward.
- 6.2.7 When jumping, in either the warm-up and show arenas no horse should be rapped, jump a fence in the wrong direction or jump a pole or obstacle being held by hand. NB: Rapping is the practice of raising a pole by hand as the horse jumps, with the intention of striking the horse's legs using the pole.
- 6.2.8 Any horse that falls in the warm-up arena should only compete after the agreement of a veterinary surgeon.

6.3 Conduct and Responsibilities of Competitors in the Show Ring

- 6.3.1 Every competitor should keep a safe distance away from other horses.
- 6.3.2 Competitors should follow instructions from the Show Steward and Judge. Other competitors may advise you if their horse kicks should you ride too close.
- 6.3.3 Competitors should ensure their horse is wearing no prohibited tack. Competitors can only work-in, when ridden, in tack permissible to be used in accordance with the relevant Member Body Rule and Hand Book.
- 6.3.4 Riding around a show ring may cause horses to become strong and overexcited. If the horse's behaviour becomes dangerous the horse may be required to leave the class at the discretion of the judge. Examples of dangerous behaviour may include bolting, extreme bucking or rearing.
- 6.3.5 Blatantly dangerous and irresponsible riding or handling of the horse may result in the competitor being eliminated from the class or removed from the show ground.
- 6.3.6 The amount of work the horse undertakes should be in accordance with his age, experience and fitness. Riders working in ponies for other competitors or children must be the correct size for the pony and suitably mounted. Any rider working in a horse/pony to excess or deemed too heavy for the horse/pony will be required to dismount and rest the horse/pony, failure to do so may result in disciplinary action and elimination from the class.
- 6.3.7 No one under the age of 12 years of age may enter the ring to groom, strip or handle the pony/horse.

7. Discipline of the Horse

Any method used to discipline the horse should be proportionate and applied at the correct time.

7.1 Use of the Whip

- 7.1.1 There are two reasons why a rider may use a whip:
- 1- As a method to encourage the horse forwards if it is not listening to the rider's seat and leg aids;
 - 2- To reprimand the horse.
- 7.1.2 A whip should only be used to reprimand a horse where there is a valid reason. The Whip must be applied at the appropriate time, in the correct place and with the correct severity.
- 7.1.3 The timing of the whip's use is important: it should be used immediately when the horse has been disobedient. For example, a horse that has refused a fence should not be reprimanded once he has turned away from the fence or, where the horse or pony has run-out rather than refused, more than a couple of seconds after the rider has regained control.
- 7.1.4 Riders and handlers using the whip to reprimand the horse should not bring their arm above shoulder height. The whip should land on the rump of the horse and not the flanks.
- 7.1.5 As an aid to go forward, riders may use the whip down the shoulder of the horse (to help stop a horse napping) or behind the rider's leg.

- 7.1.6 The force with which the whip is used must always be proportionate and reasonable. Whip use that leaves a mark or breaks the skin is not acceptable. It is the competitor's responsibility to know if their horse has sensitive skin and moderate their whip use accordingly.

- 7.1.7 The following actions are not acceptable in any circumstances:
- Disciplining the horse for its behaviour in the show ring after it has left the ring.
 - Carrying and using a whip with a hard point at the end or using the whip handle.
 - Carrying and using a weighted whip.

- 10.2 In the show arena the steward must immediately raise any concerns to the judge and/or show organiser regarding safety or horse welfare.

11. Responsibilities of Show Judges

- 11.1 Any horse exhibiting signs of ill-health or lameness should be disqualified from the class and a veterinary surgeon (if present) called.
- 11.2 Any competitor ill-treating a horse will be asked to desist, reported to relevant Member Body Head Office and may be disqualified by the judge.
- 11.3 Any competitor misusing the whip or spurs may be disqualified. Children who overuse the whip will have the whip taken from them and the decision discussed with a parent/guardian.
- 11.4 A horse that has fallen is not to be allowed to continue in the class. Competitors are advised to seek the attention from a veterinary surgeon before the horse/pony is allowed to compete in a further class.
