SECTION D.
DOPING and DOPE TESTS
WARNING TO MEMBERS

In common with other similar bodies, the B.S.P.S. takes a very serious view of doping, whether intentional or unintentional, having particular regard to the safety of children and welfare of horses and ponies. Members should be aware that many proprietary feeds and preparations contain Prohibited Substances (as defined below) as do many foods such as chocolate. Prohibited Substances can be absorbed through the skin and they are also contained in some homeopathic and herbal remedies including calmers.

It is the responsibility of the Member having custody of a pony, particularly in the twenty four hours before a Show, to ensure that nothing is fed, administered or applied to a pony that contains a Prohibited Substance. Ignorance is not an adequate defence.

The B.S.P.S. Office is not authorised to give guidance but the B.S.P.S. Office follows the Equine Prohibited Substances List ('EPSL') as published from time to time by the Fédération Equestre Internationale ('FEI'). Where appropriate the B.S.P.S. will adopt threshold levels published in the EPSL. Please note that the EPSL includes any other substance with a similar chemical structure or similar biological effect(s) as substances specifically mentioned on the list. All substances on the list, whether indicated as 'Banned' or 'Controlled, are prohibited substances under the B.S.P.S. Rules. Also prohibited are 'metabolites' of the substances and 'markers', both terms being defined below.

- 63(1) a) Any pony taking part in classes judged under B.S.P.S. Rules and any other pony present at a Show (whether or not competing at the Show) will be liable to Dope Testing (as defined below) in accordance with the Dope Testing procedure laid down by this Rule 63. A refusal or failure, after request, to submit a pony for Dope Testing, or obstruction of an Authorised Person (as defined below) in carrying out Dope Testing, by an Owner and/or Producer or other person having control of the pony shall constitute a breach of this Rule 63.
- b) The presence in the tissues, body fluids, excreta, hair or skin of a pony of a Prohibited Substance (as defined below) shall constitute a breach of this Rule 63 by the Owner and/or Producer and/or any other person within Rule 63(1)(f).
- c) "Authorised Person" means a person authorised to carry out Dope Testing pursuant to Rule 63 (2)(a).
- d) "Dope Testing" means the examination of a pony by a duly qualified person appointed by the B.S.P.S. and includes the taking of samples for subsequent analysis of all or any body fluid, tissue, excreta, hair or skin scrapings at the discretion of the person conducting the examination.
- e) "Prohibited Substance" means any quantity of any substance listed as a 'Banned' or 'Controlled' substance on the Equine Prohibited Substances list ('EPSL') as published by the FEI and in force from time to time excluding any quantity of any substance under any threshold level specified in the EPSL but including any other substance with a similar chemical structure or similar biological effect(s) as any substance on the EPSL and also including any metabolites of such substances and any markers. The terms 'metabolite' and 'marker' shall have the same meaning as in the FEI Anti-Doping and Controlled Medication Regulations as published by the FEI from time to time. Please follow this link for further details: (<https://inside.fei.org/cleansport>)
- f) Any person who administers or attempts to administer, or allows or causes to be administered, or connives at or promotes or encourages the administration, to a pony of a Prohibited Substance or has in their possession or control a Prohibited Substance at a Show, shall be guilty of a breach of this Rule 63.
- g)(i) Whenever a positive dope test occurs, the matter shall be referred to the Disciplinary Committee of the B.S.P.S. within 14 days of either the expiration of the period for requesting confirmatory analysis of Sample B (as defined below) or the receipt by the B.S.P.S. of a positive analysis of Sample B whichever is the later.
- (ii) The Disciplinary Committee shall investigate the matter and decide within fourteen days of referral pursuant to Rule 63 (1)(g)(i) whether or not to institute disciplinary proceedings for a breach or breaches of this Rule 63 against the Owner and/or Producer and/or any other person within Rule 63(1)(f).

SAMPLING PROCEDURE

- 63.(2) a) Dope Testing may be carried out by personnel authorized by the following Societies: the B.S.P.S., the British Show Horse Association, the National Pony Society, the Coloured Horse & Pony Society (UK) or Sport Horse Breeding of Great Britain and should take place as soon as possible after the participation of the pony in its class provided that it does not interfere with its programme in which case the Dope Testing should take place as soon as possible after the pony has completed its programme.
- b) It is the responsibility of the person in charge of the pony whether it be the Owner or the Producer or other person to supervise the pony from the time of notification of selection for Dope Testing until completion of the Dope Testing.
- c) The Owner, Producer or other person responsible for the pony or his representative shall be entitled to witness the Dope Testing from outside the loose box, horse box or testing area without disturbing the pony but if any such person is not present the Dope Testing will proceed in any event.
- d) All samples taken must be kept in a secure place and dispatched to the laboratory selected by the B.S.P.S. as soon as reasonably possible after collection.
- e) The sample must be divided into two parts hereinafter referred to as Sample A and Sample B and the initial analysis of Sample A must be completed within 21 days of receipt of the sample by the laboratory. If the initial analysis produces a suspicious positive result then the B.S.P.S. may grant such extension as the laboratory requires to complete the analysis.
- f) If the result of the analysis of Sample A is negative then the laboratory may forthwith destroy Sample B.
- g) If the result of the analysis of Sample A is positive then the Owner or Producer may require confirmatory analysis of Sample B, by any laboratory approved by the Horseracing Forensic Laboratory provided that a written request for such confirmatory analysis is received by the B.S.P.S. within 14 days of dispatch by the B.S.P.S. of notification of a positive analysis of Sample A.
- h) The Owner or Producer may request that findings be made in respect of particular matters during the analysis of Sample B on the basis that they be responsible for all additional costs incurred whatever the result of the analysis of Sample B.
- i) Upon receipt of a valid request for confirmatory analysis of Sample B, the B.S.P.S. shall inform the laboratory immediately and the laboratory shall carry out the analysis of Sample B as soon as reasonably possible.
- j) If the result of the analysis of Sample B is positive then the person requesting the analysis shall reimburse the B.S.P.S. the cost of the analysis of Sample A and Sample B forthwith on demand.
- k) If the result of the analysis of Sample A is positive and no valid request for confirmatory analysis of Sample B is received, the Owner shall reimburse the B.S.P.S. the cost of the analysis of Sample A forthwith upon demand.

PRETTY POLLY

AMATEUR HOME-PRODUCED PRETTY POLLY CLASSES AND RULES

TO COMPETE IN PRETTY POLLY CLASSES MEMBERS MUST HAVE BOTH AMATEUR AND HOME-PRODUCED STATUS. It is expected that Exhibitors will compete in the true spirit and fair play of these Rules. The Directors/Board/Council reserve the right, in their absolute discretion, to reclassify an Exhibitor's Amateur/Home Produced status/entry should they deem it necessary. E.g if you ride/compete equines on a regular basis, which you do not stable at home, your Amateur/home-produced status will be reviewed.

276. **Home Produced Status.** Open to Horses/Ponies which are either stabled at home or in a D. I. Y. yard and have not been shown by a Professional Producer since **1st January 2025** or stabled in a Professional yard at any time in the current year. Except where the horse/pony has been purchased from professional producer or been produced by a professional producer and sold and to a home-produced owner/rider, with transfer of ownership and registration with the B.S.P.S, to be stabled at home or a D.I.Y yard may compete in Home Produced classes the following season.

Where the owner is moving their horse/pony to be home produced from the beginning of the current season (1st January) on a permanent basis due to financial or other circumstances where this is a permanent arrangement with approval from the BSPS office they may compete in home produced classes.

Failure to abide by this rule and return the pony to professional production or to be ridden by a professional at any time during the season will result in the owner/rider losing their home-produced status for a minimum period of three years.

277. **Amateur Status** – a person is an Amateur for the purpose of classes run under Association Rules if he/she does not, during the current or previous season:

Ownership: All owners should be registered in the passport as per the latest DEFRA regulations.

278. **Professional Show Producer/Trainer/Rider:** A person who undertakes the preparation/training/keeping at livery, production of show equines/riders or competes as a show Rider or jobbing Rider.

279. **Professional Show Groom:** A person who is employed full, part-time or is self-employed and receives remuneration, monetary or otherwise, for the preparation/training/keeping or production of equines in showing.

No commercial branding can be visible in the ring, during an Amateur class (including Amateur Home Produced); this applies to equines, riders and any attendees; this also includes outside the ring, or online i.e., on social media. Care must be taken to not market sponsorship in any way shape or form which could be then attributed towards an Amateur; any such actions will result in the loss of Amateur status.

280. **Professional Showing Status:** anyone who has operated as a Professional Showing Producer, Show Rider or Show Groom will, for the purposes of these Rules, always be deemed a professional; including when acting as a Groom. (If you are in any doubt as to your status, please contact the office and discuss).

281. **Amateur Status** – a person is an Amateur for the purpose of classes run under Association Rules if he/she does not, during the current or previous season:

(i) Engage in showing livery/production, buying, selling, dealing or hiring of horses in any commercial capacity, or owning/standing a stallion at stud, teaching or coaching, as means of deriving a source of income.

(ii) Receive remuneration, whether it be monetary or goods in kind, for employment in the connection with horses in showing livery/production, teaching or coaching, (instruction at Pony Club and Riding Club excepted). This Rule does not include the suppliers of ancillary services in equestrianism, such as farriers, vets, therapists or administrative office roles.

(iii) Show a horse/pony owned or sponsored by a company or a commercial firm, or show a horse/pony for which his/her immediate family accepts showing livery production or training charges, from a person outside the immediate family concerned, in any showing classes, BSPS or otherwise.

(iv) Act as a Brand Ambassador, in any showing classes, BSPS or otherwise.

(v) A competitor is not eligible to compete in Amateur/home-produced classes on an Exhibit, which has been ridden by a Professional Rider in ANY class, BSPS or otherwise during the current year and the following year, up to and including the Royal International Horse Show.

(The above Rule does not apply, if the horse/pony has been Professionally Produced and ONLY ridden by a Professional, during the previous season, or if the horse/pony has subsequently been sold and re-registered under new Ownership).

(vi) If you ride/compete equines on a regular basis, which you do not stable at home, your Amateur/home-produced status will be reviewed by the Board/Council, i.e., if you ride/compete multiple equines or ride regularly for one or more owners, you could be deemed professional.

At any time whilst on the showground, where an Exhibit is going to be competing in Amateur/home-produced classes, Professionals, including Professional Grooms, are not allowed to ride, work-in (in any form), teach or coach the rider/horse, compete, or enter the Ring to groom/strip the Horse.

282. **Amateur Home Produced:** Open to horses/ponies, which are either stabled at home or in a D. I. Y. yard, assisted livery permitted, and which since 1st January in the current year, have not been shown/ridden by a Professional during the current season or stabled in a Professional yard at any time in the current year. To be ridden by an Amateur. This does not exclude Amateur Owner Home Produced riders having lessons at any time with an instructor, providing the horse/pony remains stabled at home. B.S.P.S. CHILD PROTECTION (SAFEGUARDING) PROCEDURE

- Child protection is defined in the Children Act 1989 & 2004 and legislation is in place to protect children from significant harm, abuse (physical/sexual/emotional) neglect and exploitation. The B.S.P.S. ensures its response to safeguarding concerns are in accordance with Working Together to Safeguard Children (2023).
- The British Show Pony Society is primarily a children's society and as such takes its responsibilities to ensure that children competing at our events do so in a safe and protected environment.
- It is acknowledged that when children compete in B.S.P.S. competitions this is done so in the public domain and relationships between children and any officials is different to those of an instructor/trainer relationship. Therefore, safeguards that need to be put in place do not need to be as extensive.
- In all circumstances parents (or those with parental responsibility) remain accountable and responsible for the safety of their children and their own actions and behaviour towards their own and other people's children whilst competing in B.S.P.S. competitions
- The B.S.P.S. takes its responsibilities in this regard very seriously and requires all its paid employees, directors (Council Members), judges and officials who appear in the B.S.P.S. Rule Book, to voluntarily disclose whether they have any convictions, cautions or outstanding matters that would prohibit or make them unsuitable to be in the close proximity of children or vulnerable adults. (This includes criminal convictions that would otherwise be classed as 'spent' under the Rehabilitation of Offenders Act 1974). This declaration authorises the Society to request an Enhanced Disclosure & Barring Certificate on any person where any concerns are raised and to ban anyone who they deem to be unsuitable from membership of the Society. This procedure excludes BHS accredited instructors and yards as they are subject to BHS Safeguarding & Child Protection policy.
- Photographs and videos must only be taken of children (under 18) by parents or those who have parental responsibility for the child or with the authorised consent of those with parental responsibility to do so. Official photographers and or those authorised to live stream events are excluded, parents or those with parental responsibility should advise the official photographer and or those authorised to live stream events if they do not wish their child to be photographed and or live streamed in advance of the class providing the competitor number.
- At B.S.P.S. Championship shows, where children stay overnight on the showground, the Society takes the safety and security very seriously and always contract with an appropriate security provider to minimise risks and ensure that everyone can compete in a safe environment.
- It is everyone's responsibility to report and take action, if they believe any child (or vulnerable adult) is being subject to abuse. In such circumstances, the Society will report these matters to the Police and relevant child protection agencies immediately upon receipt of the information. Information of this nature will not and cannot be kept confidential as the safety of child and young people is paramount.
- Competitors are advised to seek further information from equestrian@safetoplay.co.uk

British Show Pony Society Disability Policy

The British Show Pony Society (B.S.P.S.) is supportive of riders competing in its classes who may suffer from a physical or learning disability.

The Society recognises that horses and ponies can have a very positive impact on the lives of people suffering a disability and as an inclusive organisation, will endeavour to be as supportive as possible in these situations.

Riders who have a disability are welcome to compete in B.S.P.S. classes providing the following criteria are met;

- ✓ All riders are judged equally, one against the other;
- ✓ Riders with a disability must only compete in classes in accordance with the rules and eligibility as described in the B.S.P.S. Rule Book;
- ✓ The Society has the right to make reasonable adjustments to allow a rider with a disability to compete in its classes; this is at the sole discretion of the Officers and/or Council of the Society;
- ✓ All riders in B.S.P.S. classes must be competent and able to compete without putting the safety of others at risk
- ✓ Any rider seeking a dispensation card for a permanent or temporary physical disability must also have a doctor's letter stating their fitness to ride in the class (Rule 49; No rider may compete in B.S.P.S. Classes with any type of broken limb).

This policy does not set out all of the circumstances of what are and will be approved as reasonable adjustments to enable a rider with a disability to compete in B.S.P.S. classes.

For example; the Society already issues dispensation cards for riders with a permanent or temporary disability to allow another person to complete the 'In Hand' section of a class (Rule 48).

It is recognised that riders with, for example, hearing loss or learning difficulties may require extra patience and care from stewards, judges and officials to ensure they clearly understand any instructions given to them, e.g., setting a show or being asked questions by the judge. In such circumstances, the parent or those with responsibility for care of the competitor must advise the steward in advance of the class, who will then ensure the judge, is made aware of the particular circumstances in advance of the class commencing and make reasonable adjustments.

Any member who has any issues or concerns regarding competing in B.S.P.S. classes with any form of disability, should contact the Executive Officer of the Society

Code of Practice for the Welfare of Horses and Ponies at Shows and Events

It is important to report any breaches of this code of practice to an official at the time the concern is raised so immediate action can be taken.

1 Preface

1.1 In this code of practice 'horse/pony' refers to all equines and should, where the context allows, be taken to mean 'horse or horses, pony or ponies, donkeys or other equidae'.

2 General Conditions

2.1 This guidance has been developed by The British Horse Society (BHS) who have advised The Showing Council (TSC) in developing bespoke guidance for competitors/members/exhibitors competing in Member Body classes.

2.2 These guidelines have been produced to provide advice and support to members, competitors, show organisers, stewards, judges, volunteer assistants and spectators.

2.3 Under the Animal Welfare Act (2006), the Animal Health and Welfare (Scotland) Act 2006 and Welfare of Animals Act (Northern Ireland) 2011, (hereafter referred to as The Welfare Acts) every horse owner or those responsible for a horse have a duty of care to ensure the animal's well-being. Thus, causing suffering and ill treatment are no longer the only grounds for prosecution under animal welfare law. It is now an offence to fail to take adequate steps to ensure a horse's welfare, even if the animal is not yet at the point of suffering.

2.4 At all stages during the preparation and training of show horses, welfare must be absolutely paramount. This includes, but is not limited to, good horse management, training methods, farriery, use and fitting of tack and transportation.

2.5 Horses and competitors must be fit, competent and in good health and condition before they are allowed to compete. This encompasses medication use, surgical procedures that compromises welfare or safety and the use of aids. All Member Bodies are advised to have an anti-doping policy.

3 Health and Hygiene

3.1 The spread of equine disease is a perpetual risk when attending shows. Horse owners should act responsibly and not attend a show if there is a disease outbreak at their yard, even if the horse taken to the show does not appear ill. This is because some diseases have an incubation period of 14 days. For more information and guidance, please refer to the extensive information available on the BHS website and British Equestrian website.

www.bhs.org.uk

www.britishequestrian.org.uk British Equestrian - Equine Infectious Disease Advisory Group: Advice Notes for Member Bodies and Organisers of Equine Gatherings

3.2 As a minimum, we advise keeping up to date with equine influenza and tetanus vaccines. Check what the specific vaccination requirements are with the event organisers or relevant governing body. If your horse doesn't meet these requirements, you are unlikely to be allowed to attend and may be asked to leave the showground. Remember to check the vaccination rules of the venue if you are hiring equestrian facilities. Shows reserve the right to conduct spot checks to check compliance with vaccination regulations set by the show organiser.

3.3 To prevent the spread of disease, horses should not share water buckets or be allowed to drink from shared troughs. Exhibitors are strongly encouraged to provide their own feed and water equipment.

3.4 Competitors must be mindful of an increased disease risk when stabling horses away from home. Best practice would be to remove any pre-existing bedding.

4 Transport

4.1 Competitors must be aware of The Welfare of Animals During Transport Council Regulation (EC) No 1/2005. You must have the necessary Transport Authorisation (and associated Certificate of Competence for horses) if you transport animals as part of an economic activity (a business or trade), for a distance over 65km.

You will need a:

- type 1 transporter authorisation for journeys over 65km and up to 8 hours
- type 2 transporter authorisation for journeys over 8 hours

You will need to contact APHA's Welfare in Transport team for an application pack:

APHA Website: www.gov.uk/guidance/contact-apha Contact email for Welfare In Transport Team: WIT@apha.gov.uk

4.2 Economic activity is not defined in the regulations but would include anyone transporting horses for hire or reward or in the course of business or trade. This would therefore include those paid to transport horses to a show, and professional riders as this is part of a business.

4.3 General animal welfare provisions apply on **all** journeys. The horse must travel with its passport, be fit to travel, provided with feed, water and rest stops as needed. The vehicle and loading/unloading facilities must be safe and designed to avoid injury and those handling the horse must be competent and not cause the animal fear or distress.

4.4 In adverse weather conditions, i.e., very hot temperatures or very cold temperature, those travelling horses must give consideration as to what time of day to travel horses and to minimise travel when temperatures are excessively high or excessively low.

5 Equine Identification

5.1 Horses being transported to a show must be accompanied by their up-to-date passport in accordance with Equine Identification regulations.

6 Welfare of Horses

6.1 Responsibilities of Owners/Keepers/Competitors

Overall responsibility for the horse lies with the individual who has charge of the horse on the day of the show. All those responsible for horses have a duty of care to take reasonable steps in all circumstances to meet the welfare needs to the extent required by good practice in terms of:

- need for a suitable environment
- need for a suitable diet
- need to be able to exhibit normal behaviour patterns
- need to be housed with, or apart, from other animals
- need to be protected from pain, suffering, injury and disease.

6.2 Welfare Considerations

6.2.1 Sensory Whiskers

Sensory hairs are the hard hairs located on the horse's muzzle and around the eyes, also known as 'whiskers' that are used for sensation. It is recommended that horses should not have whiskers trimmed or removed (other than for veterinary purposes or with a vet's certificate). Mares and Foals should present with no evidence of whiskers or sensory hairs removed. At some shows, this is a mandatory condition of entry for all equines, so please check individual show ruling.

6.2.2 Blood

On rare occasions a horse may injure itself traveling, being worked in or competing, or blood may be noticed from the mouth or nostrils or other parts of the horse's body. In these circumstances the competitor should not compete or cease competing and get their horse checked as soon as possible once blood has been noticed. The horse should be treated and where necessary the person responsible for the horse should seek veterinary advice and attention to ensure the animal can travel home or continue to compete in further classes on the day.

6.2.3 Obesity

Obesity in horses and ponies must be avoided and all horses exhibited should be fit for purpose for the event or class they are competing in. Having a horse which is obese is extremely detrimental to its welfare and horses carrying too much fat are at a significantly increased risk of developing serious health and welfare issues such as:

- Equine Metabolic Syndrome (EMS)
- Laminitis
- Arthritis
- Increase stress on the heart and lungs
- Increased risk of developmental orthopaedic (bone and joint) problems in young and growing horses
- More strain on feet, joint and limbs
- Less efficient cooling of body temperatures

Members of the Showing Council are committed to working with The Horse Trust Body Condition Awards and promoting the Equine Weight Forum Statement and Actions including education by body scoring horses and ponies at events.

6.3 Welfare of the horse while not competing

6.3.1 No horse should be left unattended unless they are in a stable, horsebox/trailer and, known to behave sensibly when ordinarily left in such a situation.

6.3.2 For safety reasons horses should not be left unattended tied to a horsebox/trailer.

6.3.4 The weather conditions will affect the welfare requirements of the horse. Those responsible for horses should make the necessary adjustments to safeguard welfare in adverse weather conditions. For example, limiting the horse's time in direct sunlight in very high temperatures and using rugs in very cold temperatures.

6.3.5 During wet weather, waterproof sheets can be worn while warming the horse up and kept over the horse's hindquarters until they enter the class. At the discretion of the judge, grooms may enter the ring to provide a waterproof sheet in inclement weather.

6.3.6 During hot weather, horseboxes and trailers can get very hot. If the horse is kept in the horsebox/trailer ensure any windows and roof vents are left open and the ramps are left down to maximise air flow.

6.3.7 No horse should be ridden or lunged for an extended period without sufficient breaks for rest, watering and feeding. Children or those less experienced should be supervised by a responsible adult to ensure that the horse receives adequate rest time.

6.4 Stabling

6.4.1 It is the responsibility of the person caring for the horse to ensure overnight provisions and stabling – in loose boxes where they have freedom of movement and availability of water - are in place on arrival at a show to avoid any horse being kept overnight on a trailer/horsebox. Pull out stables on lorries, temporary pens, corrals etc are not permitted.

6.5 Age and Gender of Horses

6.5.1 Horses under four years of age should not be ridden on the showground at any Show.

6.5.2 Where stallions are being exhibited, a stallion disc must be worn on the bridle and the rider/handler must be the correct age to compete or strip the horse in the ring and or lunge in accordance with the current and relevant Member Body Rule and Handbooks.

6.5.3 Pregnant mares are not permitted to compete under saddle without the prior agreement of a veterinary surgeon. No mare should be ridden under any circumstances after six months of gestation.

6.5.4 Mares with a living foal at foot, born during the current year may not be shown in ridden classes.

6.6 Control of Horses

6.6.1 Young and/or inexperienced horses require quiet, confident handling and should be appropriately handled.

6.6.2 Stallions and colts should be handled and ridden by competent people only. The temperament of the stallion must be taken into consideration, and he should not be taken to a showground if he is likely to be a danger to anyone present. When being led, stallions must be led from a bit with reins or with a lead rein. If it is the opinion of the relevant Member Body that the stallion may cause an accident to any person or horse at the showground, the stallion will be disqualified and asked to leave the showground.

7 Conduct and Responsibilities

7.1 Conduct and Responsibilities of Competitors

7.1.1 Competitors must consider the Health and Safety of other competitors, spectators and those working or assisting at the show.

7.1.2 It is necessary for all exhibitors to carry Public Liability Insurance for an adequate indemnity to protect against their negligence including any injury caused by their animals or property.

7.1.3 When riding outside of the warm-up arena and show arena, competitors should remain in walk or trot. Where available, horses/ponies must be ridden in designated 'horse walks'; grooms and spectators must use the designated pedestrian walkway.

7.1.4 No competitor should behave in an inappropriate manner to any horse, judge, event staff, members of the public or other competitors.

7.1.5 Under the Welfare Acts the parents/guardians of those under 16-years-old are responsible for the welfare of their children's horses/ponies.

7.2 Conduct and Responsibilities of Competitors in the Warm-up Arena

7.2.1 Riders and handlers should adhere to the rules of working in an arena while warming up, for example passing left-hand to left-hand.

7.2.2 Riders and handlers should recognise potential problems and keep a good distance from any individual having difficulties with their horse.

7.2.3 When jumping, in either the warm-up and show arenas no horse should jump a fence in the wrong direction.

7.2.4 Any horse that falls in the warm-up arena should only compete after the agreement of a veterinary surgeon.

7.3 Conduct and Responsibilities of Competitors in the Show Ring

7.3.1 Every competitor should behave in a safe and respectable manner at all times.

7.3.2 Competitors should follow instructions from the Show Steward and Judge.

7.3.3 The amount of work the horse undertakes should be in accordance with its age, experience, and fitness. All riders should be a suitable size for their horse whether in the ring, or working in. Riders working in ponies for other competitors or children must also be a suitable size for the pony and suitably mounted.

7.3.4 No one under the age of 12 years of age may enter the ring to groom, strip or handle the pony/horse. Those entering the ring must be suitably dressed.

7.4 Conduct and Responsibilities of Spectators with regards to Horse Welfare

7.4.1 All children must be fully supervised.

7.4.2 If dogs are allowed on the showground, they must be kept on a lead, away from horses and appropriately controlled.

7.4.3 Spectators should not run, shout or cause excessive noise around the horses or arenas.

7.5 Use of the Whip

7.5.1 A rider/handler may carry a whip for safety and guidance purposes and limited to the backhand position only. When lunging, a lunge whip must only be used for safety and guidance purposes.

7.5.2 Legal action could be taken under the Welfare Acts should whip misuse occur.

7.6 Use of Spurs

7.6.1 Spurs may only be worn for safety and guidance purposes if permitted within the rules of the class – this includes the prior working in period.

7.6.2 Legal action could be taken under the Welfare Acts should spurs misuse occur.

7.7 Use of Tack and Equipment

7.7.1 Tack should always be fitted and used in a way that protects and safeguards welfare and safety of both horse and rider/handler. This applies at all times whilst on the event venue.

7.7.2 Legal Action could be taken under the Welfare Acts should tack misuse occur.

8 Provisions for Veterinary Treatment

8.1 The relevant Member Body carries out a risk assessment with specific regard to the provision of veterinary care.

8.2 At some events a veterinary surgeon may not actually be in attendance, the show organiser should ensure that a veterinary surgeon is available 'on-call' and within a reasonable driving time (suggested 20-30 minutes maximum). Most Championship Shows have:

- Emergency lines of communication.
- Ensure proper access to the site and the ability to bring in equipment directly to the patient as efficiently as possible.
- Facilities available for dealing with simple injuries, for example a clean stable or other covered well-lit area and availability of clean water.
- Have ambulance for horses/ponies to be transported to a referral facility if necessary and where and how euthanasia is to be carried out if necessary.

8.3 Under the provisions of the Welfare Acts there is a degree of joint responsibility with organisers, but the owner or keeper of a horse/pony has prime responsibility for its welfare. It follows that the owner or keeper of a horse/pony:

- Should be clearly identified on the entry form.
- Should provide details of how they may be easily contacted in an emergency on the day of the event and if being stabled overnight.
- Should provide information on who has responsibility for making decisions about that horse/pony with regard to provision of emergency treatment, removal to a surgical facility and euthanasia.

8.4 It is recommended that Member Bodies should provide appropriate farriery provisions.
